

R-1 Aggregate Chip Spreader

The R-1 is a tow behind aggregate spreader that is ideal for tar and chip operations on roadways. The R-1 distributes aggregate to precise depths with clean cut edges. It features an open type spiral agitator to convey material to outer ends of hopper. The R-1 is available in 8, 9, 10, 11, and 12 foot widths.

Features:

- Auger Control Level
- Drive Wheels
- Material Auger
- Hitch Height Adjustment
- Feed Gate Control Level
- Quick Attachment Receiving Hitch
