

MASTERMIX™ EXTREME DUTY BULK STORAGE TANKS

HEAVY DUTY TANK DESIGNED FOR MIXING AND STORING SAND-FILLED PAVEMENT SEALERS

A SealMaster Extreme Duty Bulk Storage Tank enables you to buy pavement sealer in bulk and save. The convenience of on-site storage enables you to spend more time sealcoating and less time driving to refill equipment with sealer.

AVAILABLE IN 6000, 8000, AND 10,000 GALLON CAPACITIES

MasterMix Extreme Duty Features:

- 90-100 gpm hydraulically driven diaphragm pump system with ready mix materials
- Heavy duty agitator shaft
- Multiple paddle agitation system with rubber wipers
- Variable speed control on agitation and pump
- Gasoline powered engine
- 12V Oil Cooler

Options (6,000 - 10,000):

- Three Phase Electric Motor
- Single Phase Electric Motor
