# LIQUID ROAD<sup>®</sup>

**PREMIUM SURFACE COATING**

**POLYMER  
MODIFIED  
AND FIBER  
REINFORCED**

## ADVANTAGES:

### THE ULTIMATE COATING SYSTEM FOR ROADS, STREETS, & OTHER PAVEMENT SURFACES.

Liquid Road is a polymer-modified, fiber reinforced asphalt emulsion coating that is job-mixed with specially graded aggregate and applied to the road surface. The result is a highly durable, slip-resistant surface treatment that greatly extends pavement service life. Liquid Road is cost-effective and easy to apply with minimal impact on traffic flow.

### LIQUID ROAD PROTECTS PAVEMENT AGAINST:

CHEMICALS

MOISTURE

OXIDATION

- A**— An Economical Approach to Pavement Maintenance. A systematic program of maintaining pavement with Liquid Road will more than double the service life of pavement at a fraction of the cost of repaving.
- B**— A tough, durable aggregate-filled bituminous surface coating provides skid resistance and lasting protection. Provides a deep rich “like new” black appearance.
- C**— Enhanced Traffic Marking visibility for added driver safety
- D**— Deep black color melts snow and ice significantly faster than untreated pavement.
- E**— Produces an even textured surface with no loose stones, making it ideal for vehicle, bicycle and pedestrian traffic.
- F**— Fast, efficient application process with minimal impact on traffic flow.

■ Scheduled Sealcoating    ■ No Scheduled Sealcoating

## LIQUID ROAD USES...

- Low Traffic Roads & Streets
- Homeowner Associations and Gated Communities
- Parking Lots
- Airport Taxiways
- Highway Shoulders
- Other pavements where a premium surface treatment is desired

# MAINTAINING THE WORLD'S PAVEMENT

## A TRADITION OF QUALITY & INNOVATION...

For over 50 years, property owners and government agencies have turned to SealMaster for innovative, cost-effective pavement maintenance solutions. SealMaster products are designed to repair, protect and beautify pavement, greatly enhancing your property's curb appeal. SealMaster continues to be an industry innovator with over one billion gallons of pavement sealer applied world-wide.

## PROFESSIONAL SERVICE...

SealMaster has the industry's largest network of professionally trained pavement maintenance contractors to assure successful results at competitive prices. Our network of highly trained and experienced professionals are available to provide on-site project recommendations as well as full application services to assure quality results on every project.

## A GLOBAL LEADER...

With over 100 Manufacturing and Distribution centers coast to coast along with manufacturing and product distribution in over 50 countries, SealMaster continues to be a global leader in pavement maintenance. SealMaster's unparalleled record of technological advances in both product and application equipment continues to set us apart as a true industry leader.
