FASS-DRI™

FEATURING ADVANCED NANO-CURE TECHNOLOGY

FASS-DRI Pavement Sealer Additive is the result of an exciting breakthrough in NANO-CURE chemistry. FASS-DRI additive enables you to open a parking lot to traffic in as little as 30 minutes.

- The latest advancement in fast dry technology for the fastest dry times
- Fortified with SSA (sand suspension additive) for dual action performance... Fast cure and sand suspension
- The blackest color - the toughest film
- Ideal for coal tar emulsion, asphalt emulsion, or blended sealers

PRODUCT #	DESCRIPTION	WEIGHT	PRICE
M1178G	2 - Gallon Pail	29 lbs.	$60.99
M1178P	5 - Gallon Pail	72 lbs.	$132.99

FSA®

SPEEDS UP THE DRYING TIME OF SEALER

Designed for situations requiring rapid drying i.e. drive-thrus, spring and fall applications.

- Cuts drying time in half
- Improves bonding
- Stops tracking
- Makes coating dry blacker
- Proven performance
