1. Identification

PRODUCT IDENTIFIER
Product Identity: Tar Buster Wipes
Alternate Names: TarBuster Wipes, 30-Count & 72-count

RELEVANT IDENTIFIED USES OF THE SUBSTANCE OR MIXTURE AND USES ADVISED AGAINST
Intended use: See Technical Data Sheet.
Application Method: See Technical Data Sheet.

DETAILS OF THE SUPPLIER OF THE SAFETY DATA SHEET
Company Name: BioChem Systems, Inc
P.O Box 8098
The Woodlands, TX 77387-8098
Contact information: 800-777-7870
EMERGENCY TELEPHONE NUMBER: PERS: (800) 633-8253

2. Hazard(s) Identification

CLASSIFICATION OF THE SUBSTANCE OR MIXTURE
Acute Tox. 5;H303: May be harmful if swallowed. (Not adopted by US OSHA)

LABEL ELEMENTS
Using the Toxicity Data listed in section 11 and 12 the product is labeled as follows.

Warning

H303 May be harmful if swallowed.

[Prevention]:
No GHS prevention statements

[Response]:
P312 Call a POISON CENTER or doctor / physician if you feel unwell.

[Storage]:
No GHS storage statements

[Disposal]:
No GHS disposal statements

SDS Revision Date: 5/13/2015
Page 1 of 8
3. Composition/Information on Ingredients

This product contains the following substances that present a hazard within the meaning of the relevant State and Federal Hazardous Substances regulations.

<table>

In accordance with paragraph (i) of §1910.1200, the specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

[1] Substance classified with a health or environmental hazard.

*The full texts of the phrases are shown in Section 16.

4. First Aid Measures

**DESCRIPTION OF FIRST AID MEASURES**

**General**

In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.

**Inhalation**

Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.

**Eyes**

Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.

**Skin**

Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser.

**Ingestion**

If swallowed obtain immediate medical attention. Keep at rest. Do NOT induce vomiting.

**MOST IMPORTANT SYMPTOMS AND EFFECTS, BOTH ACUTE AND DELAYED**

**Overview**

Primary routes of entry: eyes, skin

Effect of acute and chronic overexposure: Acute: Eyes: Liquid causes mild eye irritation. Skin: May cause mild irritation. Prolonged contact, as with clothing wetted with material, may cause more severe irritation and discomfort. May cause dermatitis and aggravate existing skin conditions. Ingestion: May irritate stomach and intestines. Ingestion may cause burns to the digestive tract. Chronic: Repeated skin contact may cause a persistent irritation or dermatitis.

Carcinogenic data: This product is not currently listed as a carcinogen by NTP, OSHA, ACGIH, or IARC.

**Ingestion**

May be harmful if swallowed.
5. Fire-Fighting Measures

FLAMMABILITY

Flammability: Non Flammable according to OSHA criteria

EXTINGUISHING MEDIA

Dry chemical, carbon dioxide, foam, fog or water spray.

SPECIAL HAZARDS ARISING FROM THE SUBSTANCE OR MIXTURE

Hazardous decomposition: High temperatures and fires may produce such toxic substances as carbon monoxide and carbon dioxide.

ADVICE FOR FIRE-FIGHTERS

Use self-contained breathing apparatus and full protective clothing (Bunker gear).

Keep containers cool and vapors down with water spray.

6. Accidental Release Measures

PERSONAL PRECAUTIONS, PROTECTIVE EQUIPMENT AND EMERGENCY PROCEDURES

Put on appropriate personal protective equipment (see section 8).

ENVIRONMENTAL PRECAUTIONS

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

METHODS AND MATERIAL FOR CONTAINMENT AND CLEANING UP

Ventilate the area and avoid breathing vapors. Take the personal protective measures listed in section 8. Contain and absorb spillage with non-combustible materials e.g. sand, earth, and vermiculite. Place in closed containers outside buildings and dispose of according to the Waste Regulations. (See section 13).

Clean, preferably with a detergent. Do not use solvents.

If drains, sewers, streams or lakes are contaminated, inform the local water company immediately. In the case of contamination of rivers, streams or lakes the Environmental Protection Agency should also be informed.

Avoid use of any ignition source near spill.

7. Handling and Storage

PRECAUTIONS FOR SAFE HANDLING

Do not allow towel contact with eyes. For external use only. Not for use around the mouth or eyes for an extended period of time. Do not smoke while using. Use from original container only and follow label directions carefully.

CONDITIONS FOR SAFE STORAGE, INCLUDING ANY INCOMPATIBILITIES

SDS Revision Date: 5/13/2015

Page 3 of 8
Handle containers carefully to prevent damage and spillage.
Incompatible materials: Strong oxidizing agents and acids.
Keep container closed with not in use. Keep away from heat source. Store in a cool, well-ventilated area. Do not contaminate water, food or feed by use or storage. Keep from freezing.

8. Exposure Controls and Personal Protection

CONTROL PARAMETERS
Exposure
No established chemicals at levels which require reporting for this product.

Carcinogen Data
No established chemicals at levels which require reporting for this product.

EXPOSURE CONTROLS
Respiratory
If workers are exposed to concentrations above the exposure limit they must use the appropriate, certified respirators.

Eyes
Protective safety glasses recommended

Skin
Impervious gloves are recommended.

Engineering Controls
Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

Other Work Practices
Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

9. Physical and Chemical Properties

Appearance
White Opaque Solid

Odor
Fresh citrus

Odor threshold
Not Measured

pH
9.8 +/- 0.5

Melting point / freezing point
Not Measured

Initial boiling point and boiling range
212F

Flash Point
None to boiling, solution on towel

Evaporation rate (Ether = 1)
>1 (H2O=1)
10. Stability and Reactivity

REACTIVITY
Hazardous Polymerization will not occur.

CHEMICAL STABILITY
Stable under normal circumstances.

POSSIBILITY OF HAZARDOUS REACTIONS
No data available.

CONDITIONS TO AVOID
Excessive heat and open flame.

INCOMPATIBLE MATERIALS
Strong oxidizing agents and acids.

HAZARDOUS DECOMPOSITION PRODUCTS
High temperatures and fires may produce such toxic substances as carbon monoxide and carbon dioxide.

11. Toxicological Information

ACUTE TOXICITY
Exposure to solvent vapor concentrations from the component solvents in excess of the stated occupational exposure limits may result in adverse health effects such as mucous membrane and respiratory system irritation and adverse effects on the kidneys, liver and central nervous system. Symptoms include headache, nausea, dizziness, fatigue, muscular weakness, drowsiness and in extreme cases, loss of consciousness.

Repeated or prolonged contact with the preparation may cause removal of natural fat from the skin resulting in dryness,
irritation and possible non-allergic contact dermatitis. Solvents may also be absorbed through the skin. Splashes of liquid in the eyes may cause irritation and soreness with possible reversible damage.

12. Ecological Information

TOXICITY
No additional information provided for this product. See Section 3 for chemical specific data.

Aquatic Ecotoxicity
No additional information provided for the components of this product. See section 3 for chemical specific data.

PERSISTENCE AND DEGRADABILITY
There is no data available on the preparation itself.

BIOACCUMULATIVE POTENTIAL
Not Measured

MOBILITY IN SOIL
No data available.
RESULTS OF PBT AND VPVB ASSESSMENT
This product contains no PBT/vPvB chemicals.

OTHER ADVERSE EFFECTS
No data available.

13. Disposal Considerations

WASTE TREATMENT METHODS
Observe all federal, state and local regulations when disposing of this substance.

14. Transport Information

Not Regulated NMFC 49290 Sub 3, Class 70

15. Regulatory Information

REGULATORY OVERVIEW
The regulatory data in Section 15 is not intended to be all-inclusive, only selected regulations are represented.

TOXIC SUBSTANCE CONTROL ACT (TSCA)
All components of this material are either listed or exempt from listing on the TSCA Inventory.

WHMIS CLASSIFICATION D2B E

NFPA/HMIS RATINGS

US EPA TIER II HAZARDS
Fire: No
Sudden Release of Pressure: No
Reactive: No
Immediate (Acute): No
Delayed (Chronic): No

EPCRA 311/312 CHEMICALS AND RQS:
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

EPCRA 302 EXTREMELY HAZARDOUS:
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

EPCRA 313 TOXIC CHEMICALS:
To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.
16. Other Information

The information and recommendations contained herein are based upon data believed to be correct. However, no guarantee or warranty of any kind, expressed or implied, is made with respect to the information contained herein. We accept no responsibility and disclaim all liability for any harmful effects which may be caused by exposure to our products. Customers/users of this product must comply with all applicable health and safety laws, regulations, and orders.

The full text of the phrases appearing in section 3 is:

H225 Highly flammable liquid and vapor.
H302 Harmful if swallowed.
H304 May be fatal if swallowed and enters airways.
H315 Causes skin irritation.
H318 Causes serious eye damage.
H319 Causes serious eye irritation.

This is the first version in the GHS SDS format. Listings of changes from previous versions in other formats are not applicable.
