The SealMaster® Advantage

THE SMART CHOICE FOR PAVEMENT PRESERVATION

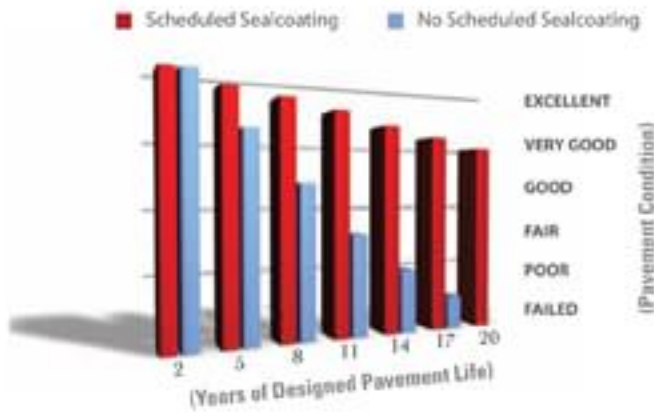

A Scheduled Program Of Pavement Maintenance Beautifies And Protects Asphalt Pavement For A Fraction Of The Cost of Overlaying With New Asphalt.

Left untreated, asphalt pavement will deteriorate rapidly. The asphalt binder that holds the pavement together begins to oxidize and weather soon after installation. Moisture penetrates the asphalt causing further damage and deterioration to the pavement.

SealMaster pavement sealers are designed to replenish the binder that is lost through weathering and aging, and provide superior protection against environmental distress.

Your Pavement Is The Welcome Mat To Your Property. Does it project a neat, professional image? Or does it portray a drab, run-down image? SealMaster provides the best solutions for beautifying and protecting your asphalt pavement investment. With over One Billion gallons of pavement sealer applied worldwide, SealMaster continues to be the number one choice for pavement maintenance among property owners and quality pavement professionals.

A pavement maintenance program that includes periodic sealcoating and crack filling will more than double the service life of asphalt pavement.

A Nationally Recognized Brand

Our national product manufacturing and distribution facilities allow us to serve thousands of property owners and pavement maintenance professionals year after year from coast to coast. We're the only brand of sealer that's available nationwide, so you can enjoy consistent, quality results from a name you can trust.

MAINTAINING THE WORLD'S PAVEMENT

A TRADITION OF QUALITY & INNOVATION...

For over 40 years, property owners and government agencies have turned to SealMaster for innovative, cost-effective pavement maintenance solutions. SealMaster products are designed to repair, protect and beautify pavement, greatly enhancing your property's curb appeal. SealMaster continues to be an industry innovator with over one billion gallons of pavement sealer applied world-wide.
